A REIGN OF TERROR

Desperadoes and Police Clash In Boston Suburb.

TRAIL OF DEATH WAS LEFT

Jamaica Plains Was Thrown Into Great Excitement by Three Men, and Police and Citizens Engaged in Deadly Battles.

Boston, July 24.—After three deadly battles between three desperadoes, the police and a small army of citizens, the first encounter being late Tuesday night in a barroom, the second Wednesday evening in the peaceful streets of Jamaica Plains and the third early Thursday in the quietude of a cemetery, one of the bandits was riddled with bullets and killed, a second, believed to be wounded, was being searched for in the cemetery, while the third was taken Wednesday evening to the South Station.

The desperadoes left behind them over their trail of a mile and a half two dead and eleven wounded. All are believed to be foreigners.

The desperado captured is believed to be Giuseppe Devico. He is charged with murder, having been identified by four men as one of the three who "shot up" the saloon on Tuesday night.

Career of Terror.

The desperadoes' career of terror started on Tuesday night by the "shooting up" of the saloon of Winterston and McManus on Washington street. Shortly before the closing hour, when the barroom was full of men, three men, apparently Italians, made their appearance at the door and shouted "All hands up."

When the shooting was over it was found that Frank J. Drake had been killed, Patrick Doran had received a bullet in the abdomen and Thomas Winterston had been shot at the base of the skull and in the left arm. The police made a careful search, and about 7 o'clock Wednesday night the men were discovered at Calvary Cemetery.

Firing on All Sides.

When the desperadoes found that they were pursued, they drew their revolvers, and with yells began firing on all sides. The first person hit was Mrs. Della Fallon, who was walking down South street. Officer Ingalls then received a bullet in the leg. The men passed through Cunningham field, Lee street and into New Keyes street, down which they ran directly into Washington street. On Washington, where the electric cars are passing almost incessantly and hundreds of people were walking, the two men fired shot after shot. They commanded everybody to hold up their hands and even ordered the motorman of an approaching car to stop. The motorman dropped behind the dashboard and the conductor, Thomas Moore, who stepped off the car to see what was the trouble, received a bullet in the leg.

Was Shot in Head.

Michael Flinn picked up a stone to hurl at the bandits and received one bullet in the head over the right ear and another passed over the left ear, knocking off his hat. Patrick McGin was shot in the wrist, Thomas Fleming in the hand and John Nolan received a bullet in the arm, while John H. Wrightman carries two bullet holes in his trousers to show where the bullets grazed the calf of his leg.

The men continued on through New Keyes street to a sand hill, where they stopped and, according to some men and boys who watched them, loaded their four automatic guns with rolls of cartridges. Through Williams street the men entered Franklin park and thence passed into Forest Hill cemetery.

Watchman Killed.

Herbert E. Knox, the watchman who had been on the lookout for the men, came upon one of them unexpectedly, and before he was able to use his pistol, was shot through the abdomen. Knox died three hours later.

About daybreak the officers who had been guarding the cemetery to prevent the outlaw's escape, were given the order to advance toward the cen-

ter of the cemetery. Scarcely a quarter of an hour later a man sprang up in front of the officers at the south side of the cemetery and started off on the run. The man was barefooted, a broken derby covered his head, a torn and ragged coat was on his back and in one hand he carried a heavy revolver, while from the other dangled a reel of cartridges. For more than a mile across the cemetery the man raced madly over the graves, around shrubbery, through gulleys and over mounds, an ever-increasing mob of policemen following in his wake. All at once he disappeared in a ravine not two hundred yards from the main Morton street entrance to the cemetery grounds. But one bit of shrubbery marked the lower level of the ravine, and into this the man sprang to make his final stand. In a moment the sides of the ravine were lined many deep with the blue-coats, revolvers brought to bear upon the fush in the gully and shot after shot was poured into it.

Body Riddled with Bullets.

When the rain of shot was over, officers approached the bush and parting the leaves, found the desperado's body pierced by a hundred bullets. Almost at the same time another commotion was created on the opposite side of the cemetery, and a man who had refused to throw up his hands had been seized and disarmed. Both the dead body and the captive were taken to the Jamaica Plains station.

LURED TO HER DEATH.

Another Murder Mystery Puzzling the Police of New York City.

New York, July 24.—Another murder mystery has been added to the long list of unsolved crimes that are now baffling the police of New York and vicinity. Wednesday the body of a pretty young woman was found in a tool shed in Irving park, Williamsburg. She was shot through the breast and had been killed almost instantly. Although a policeman heard the shot and ran to the scene he was too late to catch sight of the murderer.

This latest murder is far more puzzling than the Drew or Eberhard cases, for not even the identity of the victim is known. It is believed that the murdered woman lived near the scene of the crime, but there is no positive information on this point.

That she was either lured to the tool house or went there to keep a clandestine engagement with a man, seems certain. She was trimly attired, but wore no hat, and carried a dainty parasol. This parasol is one of the two important clues. It was recently purchased, and it bore the trademark of a Sixth avenue department store.

Detectives will immediately examine the books of the store to get the names of persons who have recently bought parasols of this description.

The woman had also been assaulted.

AUDIENCE IN PANIC.

Bomb Exploded at Political Meeting in Chicago.

Chicago, Ill., July 24.—A bomb was exploded in a tent in which Governor Deneen was addressing a political meeting at Garfield boulevard and Princeton avenue Wednesday night. Women in the audience screamed and a number fainted.

Men and women made a rush for the tent doors and Governor Deneen and others on the platform tried to stop the panic. When it was seen that no damage had been done by the explosion, the excitement subsided and most of the auditors returned to their seats. It is thought the perpetrators intended to take advantage of the excitement to rob people in the audience.

Policemen made a number of arrests, but later all the suspects were released.

PRINCE IS WELCOMED

Wales Arrives on Big Battleship at Quebec.

BIG GUNS ROARED IN SALUTE

Thousands of People, Who Lined the Shore, Cheered as the Royal Visitor Landed from the Cruiser "Indomitable," H. M. N.

Quebec, July 24.—The prince of Wales landed from the British battleship Indomitable Wednesday amid the deafening roar of guns from the inter-

PRINCE OF WALES.

national fleet of British, French and American warships, and the tumultuous demonstrations of 50,000 people massed upon the wharves and the terraced heights of the city. It was a spectacle of truly royal splendor, for the latest type of British dreadnaught, with the royal standard flying, came to anchor among the double column of foreign warships.

Vice President Fairbanks, who represents the United States, went to the Indomitable to convey to the prince the good wishes of the American government and people. He was followed by the official envoys sent by the French government on the battleship Leon Gambetta, Messrs. Louis Herbet and Deloyne. Later the prince received the lieutenant governor and premier of Quebec and other dignitaries, and attended by their brilliantly uniformed staffs, military and civil.

At 4 o'clock the battleships again roared a salute as the prince disembarked from his ship and came ashore. He wore the uniform of an admiral with waving white plume and dark coat faced with gold embroidery.

The prince was driven in an open carriage through the streets, lined by soldiers and packed with people, to the citadel where the royal quarters are established during his week's stay.

Guffey's Man Re-Elected.

Harrisburg, Pa., July 24.—The democratic state committee re-elected State Chairman George M. Guffey, of Clearfield, without opposition and adopted resolutions endorsing Bryan and Kern, and denounced the action of the Denver convention in unseating the eight Philadelphia delegates. The meeting was marked by speeches in which the action of the national convention was criticized.

Colonel Gordon Resigns.

Savannah, Ga., July 24.—After 16 years in service with the state troops, Colonel G. Arthur Gordon, commander of the First Infantry regiment N. G. S. G., will tender his resignation. Press of business, he states, makes it impossible for him to continue with the military. He will probably be succeeded by Major David C. Barrow.

More Work of Night Riders.

Princeton, Ky., July 24.—A box car which the Illinois Central railroad Wednesday put on a siding at Otter Pond Ky., to replace the station destroyed by fire Tuesday, was burned late Wednesday night. It is supposed to have been the work of night riders.

TAFT NOTIFICATION.

Great Interest Taken in the Event at Cincinnati.

Cincinnati, O., July 24.—Indications are that an immense crowd will be here next Tuesday when William H. Taft will be officially notified of his nomination for the presidency of the United States by the republican convention. A large number of room reservations have already been made at downtown hotels.

Robert H. Bryson, chairman of the committee on arrangements for Indiana, and L. G. Rothschild, of Indianapolis, have secured the rooms of the Roosevelt Club, opposite the Sinton Hotel, which will be the headquarters for the notification committee, for Indiana headquarters.

All of Cincinnati's over-the-river neighbors are going to join in the celebration and fireworks display in the evening. Six historic flags will be among those decorating the platform on which the notification ceremony will take place. They are of different sizes and more or less faded, and will be returned to the owner, with one of the new flags, immediately after the exercises. They belong to a collector, who has collected one flag from each national convention, notification ceremony and inauguration for the past twenty-four years. The oldest of the six flags formed part of the decorations when James G. Blaine was notified of his nomination.

STRIKE DISTRICT QUIET.

Many Strike Breakers Still Being Put to Work in Mines.

Birmingham, Ala., July 24.—Strike breakers by the hundreds are still being placed in the mines in the Birmingham district under military escorts.

There have been no disorders beyond some promiscuous shooting during the night and some reports of houses being shot into.

Governor Comer and Sheriff Higdon held their usual conference Thursday and outside of a number of incendiary speeches being made at meetings at various sections of the district nothing was reported to these officials that gave the least alarm.

Eberhard in Custody.

New York, July 24.—August Eberhard, nephew of Otilie Eberhard, the Austrian woman who was shot to death Saturday evening near Hackensack, was taken into custody Thursday by the police of Paterson, N. J. Eberhard was found lying on a lawn in front of a farm house near that city. He was suffering from a wound in the leg. The young man admitted his identity. The police are further examining Eberhard in an effort to get his story of his disappearance from the scene of the fatal shooting.

In Race With Death.

Mobile, Ala., July 24.—With the hope of saving the bedside of her uncle, Colonel William F. Vilas, who is desperately ill at Madison, Wis., Mrs. Charles Sullivan, his niece, passed through Mobile in a race against death Thursday. Colonel Vilas is the uncle and guardian of Mrs. Sullivan. With her husband she has been residing at Toimet, Ala., a southern resort, in the hope of benefiting Mr. Sullivan's health. Mrs. Sullivan called at the Associated Press office to learn the latest news of her uncle.

Dirt Broken for New Road.

Mobile, Ala., July 24.—A Huntsville, Ala., special says that the first dirt was broken for the Nashville and Huntsville railway Wednesday afternoon when Tracy W. Pratt ran a furrow on the grade line with one of the big teams of W. J. Bennett and company, the contractors. The breaking of dirt was witnessed by a large crowd of people, the scene being a mile and a half west of the city on the Athens pike.

Count Denies Report.

Lisbon, July 24.—Count Von Tattenbach, the German minister to Portugal, admitted that three German officers had recently been at Cunhama in connection with the delimitation of the boundary line between the Portuguese possession of Angola and German Southwest Africa, but he denied the report that they had made an attempt to overthrow King Nando.

FACING STARVATION

Pitiable Conditions in Red River Flood District.

REPORT OF GREAT DISTRESS

It Is Said Some of the People Are Forced to Eat Raw Corn—Rotting Vegetation Causing Serious Sanitary Conditions—Too Late to Plant Crop.

Lake Charles, La., July 24.—Alderman John Shattuck returned Wednesday night from a tour of the flooded district along the Red river and declared the conditions there are pitiable.

Practically every vestige of anything with which to sustain life has been swept away and in numerous instances the people are facing starvation. Some of them, he declares, are forced to eat fodder, ears of raw corn or anything they can pick up that will furnish the least particle of nourishment.

To add to the distress, the sanitary condition, owing to rotting vegetation, is serious. Mr. Shattuck says there is no prospect of relief ahead for the future crop as that has all been destroyed, and it is too late to replant.

SHOT BY SHERIFF'S PARTY.

Misunderstanding Results in Shooting of Two Italians.

Amite City, La., July 24.—As a result of what is believed to have been a misunderstanding, Joseph Anaslome and Vincenzo Lucuto, Italian truck farmers, were shot down in their home about ten miles south of here by Sheriff John Saul and a party of deputies.

Following an attempt to assassinate S. F. Simmons, a railroad section boss, who had only recently discharged two Italians, Sheriff Saul and his men went early Wednesday morning to the home of Anaslome and demanded admittance. Anaslome says he thought the sheriff and his deputies were thieves, and opening the door he fired a shot into the air for the purpose, he declares, of scaring them off.

The sheriff and his men then fired a fusillade of shots into the house, wounding both of the occupants in several places. The wounded men were sent to New Orleans for treatment. They declare that they were innocent of any connection with the attempt upon Simmons' life and this charge has not been brought against them. They will recover.

FATHER-IN-LAW OF SISTER.

Queer Relationship Brought About by Marriage of Michigan Man.

Chicago, Ill., July 24.—A dispatch from Kalamazoo, Mich., says: Benjamin Pearce has married Mrs. Myrtle Robinson-Fore-DeForest-Ainsworth, and thereby became father-in-law of his sister and uncle and grandfather of his wife's son's child.

Mrs. Pearce, by her first husband, became the mother of David Pearce. The latter led to the altar Gladys Pearce, sister of Benjamin Pearce. They have a baby. As the husband of his sister's mother-in-law, Benjamin Pearce becomes his sister's father-in-law. As the plain brother of his sister, he naturally is her child's uncle. And as the spouse of his sister's child's grandmother, he is the infant's grandfather.

To Resist Application.

Little Rock, Ark., July 24.—An announcement has been made that all of the more important shippers of this state will act in concert in assisting the state authorities to resist the application of the St. Louis, Iron Mountain and Southern and several other railroads operating in Arkansas for an injunction restraining the state railroad commission from enforcing the recently enacted two-cent passenger fare and freight tariff legislation. Legal counsel has been retained and an answer denying all of the general allegations of the railroad companies will be led when the case is called for hearing before Judge Willard Vanderoster in St. Paul, Minn., July 25.

PLAYER FINED \$50 OR SIXTY DAYS

Confesses His Guilt to Mayor Davis in Court Friday Morning.

OTHER CASES BEFORE COURT

Mayor Orders Arrest of Will Burton, Who Was Afterwards Released Pending Investigation by the Marshal—Considers Him Guilty, Too.

Chas. Player was fined \$50 and costs or sixty days on the streets for selling whiskey, in mayor's court Friday morning, he pleading guilty to the charge.

The evidence in the case was all against Player, as the purchaser, Mr. Robinson, testified to giving him \$1 for the pint and receiving 25 cents in change, when the two took a drink in the rear of the shop where Player was employed.

It also developed that the whiskey found and confiscated by the marshal was not the property of Player, but belonged to William Burton, proprietor of the place. The mayor ordered the marshal to arrest Burton, but he was afterwards released pending further investigation by the marshal.

Will Keith, arrested by Marshal Arnow, was fined \$1 and costs for driving a hack without a license.

Chas. Player, arrested by Policeman Zetrouer, was fined \$5 for drunk and disorderly or ten days.

Will Burton and Julius Harris, arrested by Policeman Zetrouer, were discharged, the evidence being insufficient to convict them.

Two cash bonds were forfeited, the defendants failing to appear.

During the day friends of Player succeeded in raising the necessary wherewith and paid both his fines, which amounted with the costs to \$62.

NEWS OF CITY AND COUNTY CONDENSED

Prof. F. H. Ellis, who has been attending the Summer Normal in this city, departed yesterday for Alachua, where he will spend a few days.

W. C. Boul of Crystal River is in the city visiting friends. He formerly resided here and has a large number of acquaintances who are pleased to meet him again.

It is reported that Palatka is boasting about having won the game of ball here last Tuesday, and that they expect to show Gainesville a thing or two on next Thursday, when we go to Palatka.

Mrs. M. B. Saunders has returned from High Springs, where she went to visit her sister, Mrs. S. B. Phifer. She found the patient much improved and says that she will come to Gainesville to spend awhile as soon as

she has sufficiently recovered to be able to travel.

It is rumored that the Atlantic Coast Line will run an excursion to Palatka next Thursday for the Gainesville-Palatka game. A large crowd of "rooters" should go with our club and help the boys win.

Miss Florence Smith of Key West left yesterday for Dade City, where she will attend the summer normal. She was one of the teachers attending the school here and made many friends who regretted to see her leave.

F. W. Thomas and little son, Edgel, of Alachua, were visitors to the city yesterday and made a pleasant call at this office. He has finished the erection of a store building at Bland for Mr. Matthews and the latter will at once stock it up with a full and complete line of merchandise.

H. C. Sealey, who has recently been appointed as county enumerator, was in the city from his home at Alachua yesterday. He came down for the purpose of qualifying and to make preparations to begin his duties at an early date. It will be his duty to collect the statistics on live stock, mines, agriculture and farming in general.

Jesse Smallwood of Ellzey was in the city yesterday on his way to LaCrosse, where he will visit relatives. He was nursing a sore hand and wrist as the result of an accident sustained in the cedar mill at Ellzey. While operating one of the tables which cuts the cedar up in small slats his hand was caught in the saws and ground up like mince meat before the machine could be stopped.

Capt. W. H. Sanders of St. Petersburg was in the city yesterday from Micanopy, where he is visiting his daughter, Mrs. W. C. Johnson. He came to this county some fifty-nine years ago and says the only building in this city at that time was an old gin establishment located on what is now known as the Beville property. After residing in different parts of the county he removed to St. Petersburg in 1895, and has since made that city his home.

A new warehouse is being erected by the Virginia-Carolina Chemical Company at their plant near the Seaboard depot. When completed it will give them storeroom to accommodate at least twenty cars more of the raw material that they use in making up the different classes of fertilizer. This company does possibly the largest business in this line of any house in Central or South Florida, as they receive their ingredients in car lots, and it is as a general thing five to ten cars at the time.

HYDROPHOBIA GETS HOLD ANOTHER DOG

Canine Drops Dead After Biting Several Cats in the Neighborhood.

HEAD SENT TO OFFICIALS FRIDAY

Dog Was Owned by J. B. Davis of East Lemon Street—Marshal Arnow Instructed Owner to Kill Animal, But He Was Saved the Trouble.

Still another case of "mad dog" has developed in the city, this time it being the canine belonging to J. B. Davis, on Lemon street, a few blocks south of the square.

The dog was acting rather peculiar Friday morning and frothing at the mouth, when Marshal Arnow was instructed to come and kill the animal, but as he was at dinner in the western part of the city he authorized Mr. Davis to have the dog shot.

Before this could be accomplished, however, the dog had succeeded in biting several cats in the neighborhood and shortly after dropped dead, due possibly from the effect of the rabies.

Mr. Davis severed the head from the body and had same expressed to Atlanta, where it will be examined to see if any trace of the dreadful disease existed.

In the meantime all cats that were known to have been bitten have been dispatched to the great beyond, and great care will be taken to look out for all future developments.

Teachers Appreciate His Services.

The teachers of the Summer Normal which has just come to a close in this city, yesterday presented to Dr. W. F. Yocum a handsome carving set, which was given as a token of appreciation and the high esteem in which the Doctor was held by that body. The presentation speech was made by M. M. Bryant, one of the committee selected for the purpose. It came as a surprise to Dr. Yocum, who responded in his usual clever manner, assuring them that they would all be remembered.

Starved to Death

Is what could truthfully be said of many children who die. They have worms, poor little things—they don't know it and you don't realize it. If your child is cross, fretful, pasty complexioned and loses weight for no apparent reason, give it White's Cream Vermifuge—you will be surprised at the results and how quickly it picks up. Death of Mollie McCray.

Miss Mollie McCray, daughter of Mrs. Kitty McCray, colored, died Friday morning at 10:30 o'clock and will be buried Sunday morning at 10 o'clock from the Mt. Pleasant M. E. church, on Pleasant street, Rev. S. A. Hugor officiating. The interment will be in the Mt. Pleasant cemetery, under the auspices of the Gainesville Undertaking and Funeral Directors.

SUMMER NORMAL CLOSED ON FRIDAY

Resolutions Passed By Body of Teachers
in Attendance.

ARE PLEASED WITH TREATMENT

About One Hundred and Seventy-five Attended Session, Which Proved Instructive and Entertaining for Them—Many Departed Friday.

The Teachers' Summer Normal, which has been in session for the past five weeks, closed its session here Friday. The term proved a very instructive one for the large number of teachers who took advantage of this training.

There were in the neighborhood of one hundred and seventy-five teachers in attendance, and the most of them returned to their homes Friday, with many kind remembrances of Gainesville and her people.

At the closing chapel exercises Friday morning, the following resolutions were unanimously adopted:

"As an expression of our profound appreciation of the opportunities for improvement and advancement afforded us in the establishment and maintenance of these summer schools for teachers, and in witness of our gratitude for the many favors we, the pupils of the Gainesville summer school, have received during the present session,

"Be It Resolved, That our sincere thanks are hereby extended—

"1. To State Superintendent Holloway and the State Board of Education for their interest in behalf of the teachers and children of the State in thus providing for a higher standard of professional qualification for teachers.

"2. To the Legislature for its liberality, patriotism and foresight in providing for the maintenance of these schools, and especially for the appropriation to assist in defraying the expense of attendance upon them, whereby many—and just those very ones most in need of such—have been enabled to avail themselves of the advantages and opportunities that would otherwise have been denied them.

"3. To those far-seeing and liberal county boards of public instruction that shared with their teachers the expense of attendance upon the school. May their thoughtfulness and generosity find, next year, many imitators.

"4. To the generous and hospitable people of Gainesville who so kindly took us into their homes and in unnumbered ways contributed to our comfort and pleasure; to the various church organizations of the city for their kind and appreciated interests in our happiness and welfare; to The Gainesville Sun for numerous courtesies and valuable assistance; to the University of Florida for use of val-

"5. To our principal, Dr. Yocum, and his able assistants for their untiring efforts in our behalf.

"6. To the transportation lines of the State for appreciated courtesies.

"Be It Resolved, also, That we extend to State Superintendent Holloway our congratulations upon the great and gratifying success of his first administration, now drawing to its close, and in which he has more than triumphantly justified the hopes and expectations of his friends and has carried forward so smoothly, but persistently and forcibly the movement for educational progress and reform so successfully inaugurated by his illustrious predecessor. That we recognize in him a capable, faithful, conscientious and zealous educational leader, and hereby pledge to him our hearty sympathy and support in all his efforts looking to the promotion of the interests of public education. That we are in full and hearty accord with him in his determination and efforts to vitalize and extend the influence of our public school system by bringing it into closer touch with the home and the industrial system—the two great and fundamental institutions of civilized society, and that in this great undertaking we pledge him our loyal and zealous co-operation.

"Be It Resolved further, That a copy of these resolutions be furnished The Gainesville Sun, The Times-Union and The Florida School Exponent, with request to publish.

STRANGLES BOY AND TAKES HIS MONEY

Attempts to Cut His Mother to Pieces
When She Appears.

WARRANT ISSUED FOR ARREST

Sam Jones, a Bad Negro, Wanted to Do the Carving Act at Cummer's Log Camp, About Eight Miles West of the City.

A negro by the illustrious name of Sam Jones on Friday attempted to kill Ella Williams at Cummer's log camp, near Tloaga, about eight miles west of this city.

From information that could be learned it seems that Jones had just robbed her little boy of a sum of money, and she was remonstrating with him about the theft when he cut with his razor and made for her, but Ella, being the best sprinter of the two, made her escape to the commissary, and Sam knew that he could not venture close in that direction.

The boy was choked into insensibility and is in a dangerous condition from the effects of the strangulation.

Sheriff Fennell was notified, but had no available deputy he could send to the scene, and himself had to leave on the noon train on more important business and could not visit the place.

It was learned Friday night that Jones had made his escape, but a warrant has been issued for him and the officers will keep a close watch throughout the county.

WALDO NOTES.

Waldo, July 24.—The town and community are enjoying a season of healthfulness. There is but one case of sickness of any consequence, that of young Simmons, and he is convalescing.

Mr. and Mrs. I. L. Williamson and Miss Cora Belle have moved back from Ocala and have taken the Methodist parsonage. They are welcomed by their many friends.

J. R. Wilkerson is preparing to close out his mercantile business and remove to St. Petersburg, where he and Mrs. Wilkerson will go into the boarding-house business.

Mrs. Neal, mother of J. L. Neal, is very ill at the home of her son, Christopher Neal. She is not expected to recover.

Mrs. T. K. Godbey and daughters are on a visit to Daytona and other points on the East Coast.

A letter from Mrs. I. N. Morris, who is visiting her son, Rev. Hugh Morris, in Oak Lane, a suburb of Philadelphia, says she will be glad when the time comes to return to Waldo.

WANTED—A GOVERNOR.

Governor Broward is reported to be traveling over the Western States compiling data for his message to the Legislature, which it is said he will convene in extra session shortly after his return to the State. Referring to the Governor's prolonged absence The Times-Union of July 23rd says:

"Yesterday the pardoning board, on account of the absence of the Governor, failed to meet. A meeting had been called for that day and a number of important cases were set for consideration. A large number of attorneys paid their way to Tallahassee, paid their expenses while there and then paid their way back home without being heard, all because at present Florida has no Governor.

"At last accounts Gov. Broward was well and strong but he was on his travels. He went to the Denver convention about two weeks ago and, though that convention adjourned eleven days ago, he has not yet returned. He is reported to be traveling in California. He ought to be in Florida attending to the duties of his office or the president of the Senate ought to go to Tallahassee and assume those duties until Gov. Broward returns.

"One of the cases that the pardoning board was to have considered yesterday was that of George Washington, convicted of murder and sentenced to be hanged July 31. The pardoning board will not meet again until July 30 and doubt is expressed as to whether the case can be presented in time to save this man's life even if the board should decide that this is a proper case for clemency. At any rate he will be left in suspense until the very day of his execution. This George Washington is not the father of his country. He is only a negro, but he is a human being and is entitled to all the consideration that is accorded to the most influential man. He may deserve to be hanged, but if the pardoning board is to consider his case it should consider it in time.

"Gov. Broward should not place his pleasure above the rights of the lawyers and of their clients. He should not make lawyers incur unnecessary expenses, applicants for pardon endure unnecessary suspense, the business of the State suffer unnecessary delay just for the pleasure of seeing the world. He will have plenty of time for traveling after the 5th of next January."

The kind, and extent, and regularity of a store's advertising is what keeps it "in the race," or disqualifies it entirely. Store competition is not a matter for jest—nor an occupation for a man who lacks "nerve."

HOW INVENTIONS WERE STOLEN.

Before patents were granted for inventions, says Edwin J. Prindle in American Industries for July, the inventor had but one way to secure a return from his invention. That was to keep it secret.

Secret inventions were the most valuable possessions of many families and guilds. But in proportion to their value, they tempted the cupidity of competitors. The secret of making Venetian glass was greatly prized and was most jealously guarded. A Venetian named Paoli, who possessed the secret, left Venice and wandered northward practicing his art. He was stabbed in Normandy with a dagger marked "Traitor"—a measure taken to preserve the secret.

In 1710 the Elector of Saxony learned that a man named Bottger had discovered the secret of making porcelain. He accordingly confined him in the castle of Albrechtsburg until the discovery had been perfected. The workmen were sworn to secrecy, and the draw-bridge was kept up except to admit those specially authorized. Thus was the manufacture of the famous Dresden ware begun. The secret was soon carried to Vienna, where a royal factory was established, and to France where it was the foundation of the manufacture of the famous Sevres pottery.

The stealing of the secret of making "cast steel" is an interesting example. A watchmaker named Huntsman was dissatisfied with the watch springs the market afforded, and in 1760 conceived that if he could cast steel into an ingot, springs made from it would be more homogeneous. His conception was successfully carried out, and a large market was established for "Huntsman's ingots." Large works with tall chimneys were soon built. Every effort was made to keep the secret. No one was admitted to the works. The process was divided, and persons working on each part were kept in ignorance of other parts of the work. One bitter winter night a man dressed as a farm laborer came to the door apparently in an exhausted condition and asked admittance. The foreman, deceived by his appearance into thinking the man was incapable of understanding what he would see, let him in. The man dropped down in sight of the furnaces and seemed to sleep. Through furtively opened eyes he saw the workmen cut bars of steel into bits and, depositing them into crucibles, put the crucibles in furnaces and urge the fires to the highest pitch. The workmen had to protect themselves from the heat by wet cloths. Finally the steel melted, he saw the crucibles were withdrawn and the steel was cast into moulds—and the secret was a secret no longer.

A substantial recognition of the fire-proof qualities of concrete is offered in the first permanent fireproof construction to be undertaken in the burnt district of Chelsea, Mass. The work, which is now under way, is being done for a large paint concern and will require the rebuilding of a large part of its lamp black factory, a paint-grinding mill, storage building and quilting shop to replace those destroyed, also a concrete wall along the front of the plant. The buildings are to be of reinforced concrete with metal sash, wire glass windows and fire-proof doors along the entire front of the lot, making an indestructible fireproof barrier to the rest of the property. The use of concrete in this connection would show that the lessons of Baltimore and San Francisco, where concrete was the only material that successfully resisted the terrific temperatures, are being studied and heeded.

Your store is not competing with others at all unless its advertising is as good—and sometimes better—than theirs.

To Rebuild College.

LaGrange, Ga., July 24.—Preliminary steps have been taken at a meeting of representative citizens of LaGrange to raise money for the rebuilding of the historic Southern Female college, which was destroyed by fire Sunday morning. It is the purpose of the people of LaGrange to have a mass meeting at a day in the very near future, when speakers will be present to lay the matter before the people and raise money for replacing the buildings. To this meeting the 1,000 alumnae of the college and other friends will be invited and it is believed the money will be raised.

Motors on Traffic Wagons.

Berlin, July 24.—The administration of the army, in order to provide an adequate number of motor trucks for the use of the army in the event of war, has promulgated a scheme to encourage the use of motors on traffic wagons. It will pay a yearly subsidy for five years and give special premiums for the use of fuel, such as alcohol, that is made in Germany. It agrees, furthermore in the event of a national necessity, to take over these contract motors at \$1,000 each.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

MEN AND WOMEN. Use Big 60 for unnatural discharges, inflammations, irritations or ulceration of mucous membranes. Painful, and not dangerous or poisonous. Sold by Druggists, or sent in plain wrapper by express, prepaid, for \$1.00, or 3 bottles \$2.50. Circular sent on request.

On Monday, Elsie, the five-year-old

Sunday night a colored woman was
brought in from Shaws Camp and car-
ried up to Dr. Alexander's office. The
doctor was told that she had been
shot four times and was dangerously
wounded. The woman's groans indi-
cated that she was suffering intense-
ly. The doctor got busy and made
a hurried examination, but found no
wounds. He then made a very care-
ful examination, but with the same
result; the woman was not struck by
any of the bullets fired at her, but
imagined that she had been shot al-
most to pieces. She had some bruises
on her body, the result of blows, in-
flicted probably in a fight at the camp.
When she was told that none of the
bullets had struck her she gave a
demonstration of lightning transfor-
mation and in a moment became the
most active member of the party.
She tripped down the street at a gal-
t that gave her companions trouble to

A Polk county correspondent of The
Punta Gorda Herald makes a novel
suggestion for the abolition of taxa-
tion, at the same time doing away
with the annoying campaigning made
necessary by the primary election
plan of nominating. In view of the
immense amount of money spent in
the late primaries, he suggests that
all the offices be auctioned off to the
highest bidders for cash and the mon-
ey be turned into the State treasury
to pay off the State debt and the cur-
rent expenses of government. As
there are some 500 State and county
offices he thinks that they would
bring enough money, if sold at auc-
tion, to obviate the necessity for taxa-
tion. And the candidates would be
saved time, trouble, traveling ex-
penses and mutual tongue-lashing.
But if this were done, says The Her-
ald, the people would miss lots of
fun, including the glorious privilege
of voting, and they might also be rob-
bed mercilessly in ways they wot not
of.—Times-Union.

GEORGIA LEGISLATURE.

House Committee Votes \$25,000 for
Tuberculosis Sanitarium.

Atlanta, July 23.—The probe is be-
ing sunk deep in the investigation of
the convict lease question, and the
week has been taken up with consid-
erable debate, and the examination of
committees appointed to investigate.
The magnitude of this matter has
started some talk of an extra session.
The general sentiment seems to be
against the lease system. It is ex-
pected that this important question
will come to a vote soon.

If the report of the special judiciary
committee goes through there will be
created a superior court judicial cir-
cuit to be known as the "Alapaha"
which will compose the counties of
Berrien, Clinch, Coffee, Jeff Davis and
Tift. This bill was introduced by the
representatives from these counties.

Favorable report was made by the
house general judiciary committee on
Tuesday upon the Barrow bills, intro-
duced at the request of the Georgia
Bar association, seeking to amend and
correct the present garnishment laws
of Georgia.

Senator Felder's convict bill came
up before the senate Tuesday after-
noon, and the committee, without any
discussion, unanimously reported fa-
vorably that it be passed.

Senator Felder proposes to push
this bill and have same brought to the
attention of the senate at the first op-
portunity.

The bill provides that the lease sys-
tem be done away with entirely at the
end of eighteen months from next
April. The reason for this eighteen
months' lease being to earn revenue
whereby state farms can be purchased
on which the convicts can be kept and
at the end of the eighteen months
there will not be a convict leased in
the state of Georgia. Senator Felder
expressed himself as being ready now
to stop the lease system were it not
that the revenue was needed to es-
tablish the farms, and this eighteen
months' lease will give the said reve-
nue.

Georgia is to have a state sanita-
rium for the treatment of tuberculo-
sis, if two favorable reports on the
Whitley measure, calling for its erec-
tion, have weight with the general as-
sembly. With only \$46,000 available
for appropriation, the house appropri-
ation committee unanimously voted
\$25,000 for the erection of the sanita-
rium. The house committee on hy-
giene and sanitation had previously
favorably reported this bill for pas-
sage.

The good roads bill by Senator Boyd
and the fertilizer tag tax bill by Sen-
ator Martin, took up the entire session
of the senate Tuesday morning. The
good roads bill, after about two hours'
discussion, was tabled, and the fertil-
izer tag tax bill was under discussion
when the time for adjournment ar-
rived.

The senate agriculture committee
reported favorably on the passage of
Senator Felder's bill to abolish the of-
fice of state oil inspector now held by
Dr. Bryan.

The house committee on corpora-
tions met for a brief session, report-
ing favorably upon a score of local
measures and then adjourned.

TROLLEY CAR STRIKES AUTO.

Men Hurled from Car and One is Se-
riously Injured.

Chicago, Ill., July 23.—J. W. Wade,
of Paris, Tex., was seriously injured,
and an automobile belonging to E. F.
Jenkins, president of the Jenkins
company, furniture manufacturers,
was wrecked Wednesday when a West-
bound Thirty-fifth street car struck
the machine at Thirty-fifth street and
Michigan avenue.

Jenkins, who had been entertaining
Wade during his stay in Chicago,
was driving the car at a rapid rate
down Michigan avenue and did not see
the approaching car. The force of
the collision threw both men from
the automobile. Jenkins was not in-
jured. Wade was picked up uncon-
scious and taken to his rooms in the
Auditorium Annex.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature
it is, that deprives the rose of mental
suffering; for how poignant would be its
grief to discover, in the height of its
blooming glory, that a canker fed at its
heart, and that its beauty and fragrance
were doomed forever. Nature always
spares the suffering; she is a veritable
store-house of pleasant rewards, for
those who seek her aid. In the years
gone by falling hair and grayness have
cost a ghost over the lips of thousands
of young women, but thanks to the in-
vestigations of scientists the true cause
of hair destruction is now known to be
a germ or parasite that burrows into
the hair follicles. Newcomb's Herpicide
absolutely destroys this germ, thus
permitting the hair to grow as na-
ture intended. Cold by leading druggists.

afterwards tied to a tree until a dep-
uty was summoned and he was brought
to the city and lodged in jail on sev-
eral charges, including burglary. Sev-
eral merchants in the vicinity of Riley
and Hillman stations have purchased
bear traps as a precautionary move-
ment against future burglaries.

A Golden Wedding

Means that man and wife have liv-
ed to a good old age and consequently
have kept healthy. The best way to
keep healthy is to see that your liver
does its duty 365 days out of 365.
The only way to do this is to keep
Ballard's Herbine in the house and
take it whenever your liver gets in-
active. 50 cents per box. Sold by
W. M. Johnson.

Very Serious

It is a very serious matter to ask
for one medicine and have the
wrong one given you. For this
reason we urge you in buying
to be careful to get the genuine—

**THE FORD'S
BLACK-DRAUGHT
Liver Medicine**

The reputation of this old, reli-
able medicine, for constipation, in-
digestion and liver trouble, is firm-
ly established. It does not imitate
other medicines. It is better than
others, or it would not be the fa-
vorite liver powder, with a larger
sale than all others combined.

GEORGIA LEGISLATURE.

Condition of Convicts is Investigated.
Martin Tag Tax Bill Killed.
 Atlanta, July 24.—Deeper and deeper goes the probe into the condition of the convicts of Georgia.

Members of the legislature Wednesday who had been on visits of inspection took the stand and told what they had seen.

Chairman Felder and the members of the special legislative committee making this investigation, showed a disposition to go to the bottom of the whole matter. By endless questioning they threw light upon the dark places and revealed some decidedly unpleasant conditions. Many of the revelations were sensational.

Senator Felder announces that the inquiry will be continued until every man in Georgia, who can add anything of value to the record, will have been heard.

Disfranchisement Bill Passed.
 The house passed the disfranchisement law, amended to take effect on January 1, 1909, by the narrow margin of 122 to 1, the opposition vote being cast by Mr. Johnson, of Jasper.

Martin Tag Tax Bill Killed.
 By a vote of 27 to 16 the senate on Wednesday killed the Martin bill passed by the house last year which provided for an increase of the price of fertilizer tags from 10 to 25 cents, and which was looked to as the only means of providing funds for the support of the eleven district agricultural schools and the state agricultural college at Athens.

The vote came on the motion by President Flynt to disagree to the report of the agricultural committee which had recommended that the bill do not pass.

The bill was fought on the idea that it imposed a special tax on the farmer, and though it was shown that the Georgia farmer is paying the same price for fertilizers as the farmer living in states where the tax is higher, the bill was defeated.

Unless some other means of supporting the schools is provided—and their most enthusiastic friends can see none at present—the schools will have to close their doors.

Change the School Year.

A favorable report was made upon the measure by Senator Williford, which seeks to change the school years from September 1 to August 31, so as to make the scholastic year coincide with the school year.

A penalty of \$50 will be placed upon telegraph companies for failure to transmit and deliver promptly all messages entrusted to their care, in cities of 500 and over, if the senate bill by Mr. Felder, of the twenty-second, as favorably reported by the house general judiciary committee, is accepted by the house.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

Story Likely Improbable.

London, July 24.—The Daily Express publishes a curious story to the effect that six Englishmen, led by Ellis Ashmead Bartlett, representing a British syndicate, have penetrated Morocco and obtained from Mulai Haddid, the usurping sultan, the promise of valuable mining, railroad and trading concessions in turn for assistance in establishing Haddid on the Moroccan throne. The story is extremely improbable, Bartlett having been at Fez as the correspondent of a London newspaper.

Negro Woman Killed by Train.
 Americus, Ga., July 24.—The Seaboard passenger train No. 72 from Montgomery to Savannah, killed a negro woman named Mary Thomas west of Americus Wednesday. The engine crew state that the woman climbed a high embankment in front of the approaching train, exerting considerable effort therein, and deliberately stepped upon the track. Engineer John Goolsby considered it an unmistakable case of self-destruction. The body was considerably mutilated.

Don't use harsh physics. The reaction weakens the bowels, leads to chronic constipation. Get Doan's Regulators. They operate easily, tone the stomach, cure constipation.

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, hang-on chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

"In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach). It is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

ATTACKED DOG CATCHER.

Angry Negroes Used Knives, Pistols and Clubs.

Jacksonville, Fla., July 24.—James Evans, city dog catcher, while in the northwestern section of the city Wednesday night attending to his duties, was attacked with pistols, knives, and rocks, and his clothes literally cut into shreds.

In the difficulty Evans drew his revolver and fired into the crowd, instantly killing Charles Crosby, a negro.

This increased the anger of the mob and Evans was put to flight, firing his revolver as he ran, but all shots went wild.

The police were summoned and soon dispersed the mob and Evans was taken to police headquarters for protection.

The trouble started when Evans, carrying out the orders of Mayor Sebring, captured a stray dog and turned it over to one of his men to be taken to the city dog pen.

USES STRYCHNINE TO END LIFE.

W. H. Wells, Well Known Covington Man, Commits Suicide.

Covington, Ga., July 24.—W. H. Wells, an employee of the firm of Fowler Bros., this city, died at his home on Floyd street Wednesday from an overdose of strychnine. Mr. Wells was in the best of health and no cause is given for the suicide.

He had been with the firm of Fowler Bros. for a long number of years. His connection with this firm was always very satisfactory to his employers and he stood high with every member of the firm. He is survived by his wife, who is a daughter of the late Judge Thomas P. Callaway, of Lexington, and five little children.

A Millionaire's Baby

Attended by the highest priced baby specialist could not be cured of stomach or bowel trouble any quicker or surer than your baby if you give it McGee's Baby Elixir. Cures diarrhoea, dysentery and all derangements of the stomach or bowels. Price 25 cents and 50 cents. Sold by W. M. Johnson.

Recovers from Snake Bite.

Waycross, Ga., July 24.—Joe H. Keel, who lives a few miles from Waycross, was in the city for the first time since he was bitten by a large rattlesnake, about five weeks ago. Mr. Keel had a very narrow escape and for a time his life was despaired of. He is able to walk with the aid of crutches though his limb is still considerably swollen. The physicians think that he will in time recover the use of his limb entirely, though it will probably be a slow process.

A Contented Woman

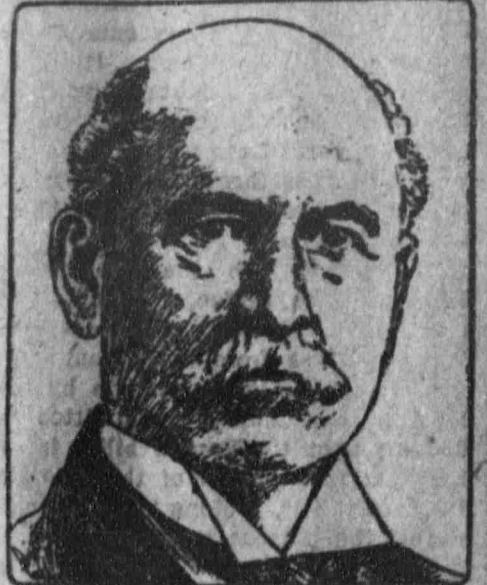

Is always found in the same house with Ballard's Snow Lintment. It keeps every member of the family free from aches and pains. It heals cuts, burns and scalds and cures rheumatism, neuralgia, lumbago and muscular soreness and stiffness. 25c, 50c and \$1 a bottle. Sold by W. M. Johnson.

DOUGLAS MAY BE CHOSEN

As Chairman of the Democratic Committee.

Fairview, Lincoln, Neb., July 23.—It now seems almost certain that the chairman of the democratic committee will be former Governor William L. Douglas, of Massachusetts.

The fact that he has been sought after to take the place became known on

W. L. DOUGLAS.

Tuesday here, following the departure of George Fred Williams, who conferred with Mr. Bryan, after coming direct from Massachusetts.

The appointment of Governor Douglas as national chairman, it is stated, would meet the requirements which it is desired the national chairman shall possess. He is a man of large means and political experience, is popular with the laboring class and his attitude on the tariff question completely meets the democratic idea.

MEMORIAL TABLETS.

One to Commemorate Writing of the "Star Spangled Banner."

New York, July 23.—Bids will be invited by the quartermaster's department of the department of the east, United States Army, for the construction of two memorial tablets—one of which is of special interest to civilians.

This tablet is to be placed on the flagstaff of Fort McHenry, near Baltimore, and will commemorate the fact that Francis Scott Key was inspired by a view of the flag flying there to write "The Star Spangled Banner" during the British attack in 1814.

The tablet, which is to be about five feet long and half as broad, in the shape of a shield, must be, according to the stipulation of the contract, "of the best quality of statuary bronze, without artificial finish."

The same conditions are made for the manufacture of the other tablet, which is to be erected in the national cemetery in Marietta, Ga.

The second memorial is to bear the name of Henry Greene Cole, of Marietta, who gave the land for the cemetery and will acknowledge the government's debt to Mr. Cole.

War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. The genuine is in a yellow package. J. W. McCollum & Co.

Evidences of Plot.

New York, July 24.—With another witness found who alleges that she was approached with a proposition to give false evidence against Frank J. Gould, the young millionaire, who is being sued for divorce by his wife, evidence of an amazing plot, swiftly accumulates. The district attorney's office promises yet more startling revelations than those already made public. The new witness is Miss Blanche Hale, a hairdresser, who lives at the Hotel Lincoln, and who has a number of fashionable patrons.

Quick Relief for Asthma Sufferers.

Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure. J. W. McCollum & Co.

OF APPLICATION FOR
LETTERS PATENT.

is hereby given that the undersigned will on the 15th day of July, A. D. 1908, apply to the Gov. of Florida, at his office in Tallahassee, Florida, for letters patent for Archer Crates and Basket Company, proposed charter of which is now on file with the Secretary of State, Tallahassee, Florida. A true copy of the proposed charter follows our proposed charter and is made a part of this notice. This notice is given in compliance with the provisions of the General Statutes of Florida.

of Incorporation of the Archer Crates and Basket Company.

1—The name of this corporation shall be the Archer Crates and Basket Company, and its principal office and place of business shall be at Archer, Florida, but the board of directors may establish such branch offices and other places of business at other places in the United States and foreign countries as may be deemed necessary.

2—The general business to be conducted and engaged in is to do all of the things herein set forth, to the same extent as natural persons might do, that is to conduct and maintain a general manufacturing business, to buy and sell goods, and merchandise of all kinds, to operate a general retail business, to buy, sell and distribute chemicals and fertilizers wholesale or retail.

3—The manufacture of crates, carriers and boxes and other similar articles, to manufacture lumber and mill products, and plants for the manufacture and sale of lumber products.

4—The manufacture of ice and deal in the same and to build and operate cold storage rooms and refrigeration plants.

5—To produce electricity and distribute the same for light, heat and power for other purposes, and to deal in and supply water for all proper and uses.

6—To buy, sell, hold, use and lease real estate, and to mortgage the same, and to acquire, hold, sell and lease of mortgages on real estate; to enter into, make and perform contracts of every kind with persons, firm or corporation; to hold all the rights, powers and privileges granted to corporations by the laws of Florida.

7—The foregoing shall be construed to be its objects and powers, and hereby expressly provided that nothing herein shall limit or restrict the powers of this corporation.

8—The capital stock of this corporation shall be Ten Thousand Dollars, divided into 100 shares of the value of One Hundred Dollars each. Said stock shall be paid for in cash, or in property, or by labor or otherwise at a just valuation to be fixed by the directors at a meeting to be held for that purpose.

9—The term for which this corporation shall exist shall be ninety years.

10—The business of the corporation shall be conducted by a board of directors, consisting of not less than three members. The names of any two of the above officers, as provided by the by-laws, shall be held and discharged by the person. The business shall be conducted by R. D. Medlin, President; C. DePass, Vice-President, and C. Wood, Secretary and Treasurer.

11—The first annual meeting of stockholders shall be held on the third Monday of August, 1908, and annually thereafter on said date. The officers of the corporation shall be elected or re-elected by the Directors, annually, immediately after the annual meeting.

12—The election of Directors by the stockholders. Each stockholder shall be entitled to one vote for each share owned by said stockholder.

13—The highest amount of indebtedness or liability to which the corporation can at any time subject itself shall be Twenty-five thousand Dollars.

14—The following persons are the subscribers to this charter and have subscribed to and for the number of shares set after our names: Wood, 20 shares; M. H. DePass, 20 shares; M. Venable, 20 shares, all living at Archer, Florida, and R. D. Medlin of Gainesville, Florida, 20 shares, and Fred Cubberly of Cedar Rapids, Florida, one share.

15—The foregoing articles of incorporation are this day approved and adopted by the proposed charter of a corporation to be known as Archer Crates and Basket Company at a meeting of subscribers and incorporators, for that purpose, at Archer, Florida, county, Florida.

Witness whereof we have hereunto set our hands and seals this 15th day of July, A. D. 1908.

DO YOU WANT TO
MAKE OR LOSE MONEY

THIS SUMMER?

THERE is no good reason for any "summer dullness" in the stores of this city. That's a strong statement—but its not nearly so strong as the one to follow.

No store in this city ever suffered from summer dullness that was not directly traceable to its advertising policy—that was not INEVITABLE on account of its advertising policy. This is a strong statement—but not so strong as the one to follow.

You—if you who read this are a merchant in this city—HAVE THE ABSOLUTE POWER TO DECIDE WHETHER, during THIS summer, YOUR STORE SHALL LAG AND LOSE GROUND, through ENCOURAGING THE NON-BUYING HABIT IN THE PEOPLE—or shall keep as busy as in the so-called "busy seasons." You decide the matter one way or the other when you decide on how much or how little you will advertise during these summer months.

To really "gain ground" at a time when some stores are lagging and falling back is not only possible—it is an aspiration—worthy of a man who has the habit of accomplishing his purpose.

Chairman Burnett will have the thoroughfare filled up the entire distance, and when finished it will be in first-class condition.

DROP IN SOMETIME

At one of the leading stores in Gainesville and ask the proprietor if it is dull with him. Nine times out of ten he will say he is not doing very much, in fact not near what he did one year ago, but this season he has had a good run on ladies' ready-to-wear goods, or white wash goods, or some certain style of shoes—other words, by reason of the large variety of articles carried in stock, he managed to keep doing business at a profit. Take the Banking business: Most Banks will say their business isn't so good since the panic, or something of that kind, but still they are doing "mighty fine." That is not like giving the figures, it is more or less evasive. YOU have a right to know how "things are" where your money is kept, and you should know—inlet on the figures—get at the inside of it. We have published five Statements on calls made by the Comptroller of the Currency since we opened for business. Haven't seen one? All right, come around and we will give you a copy of each one. We keep a complete stock, like the merchant referred to above, and you will always find we can "deliver the goods" if it is in the Banking line.
